

A.O. 31-1974

March 29, 1974

Mr. George T. Adams
Somerset Valley Chamber of Commerce
31 North Bridge Street
Somerville, New Jersey 08876

Dear George:

I am assigning your informal note an opinion number and will treat as a formal request for an advisory opinion by the Commission.

In the meantime, I would suggest that since the matter is now pending before the Superior Court, Chancery Division, there is no requirement being imposed upon your organization. This, of course, is a result of the injunctive order entered by the Superior Court.

Yours very truly,

David F. Norcross
Executive Director
